Leesburg, VA 22075

Brill
Dear Mr. ~~Johns~~:

This letter is in regards to your property located along Hooks Mill Road, Capon Bridge, Hampshire County. This property has been used as a shale pit and no sediment and erosion control has been installed. The West Virginia Department of Environmental Protection requires land disturbances of 1 acre or greater to be covered under a Construction Stormwater Permit.

The Construction Stormwater Application must be submitted 45 days before construction starts. Failure to obtain approval before construction starts can lead to enforcement action.

A Construction Stormwater Application can be obtained by calling Belinda Beller at 304-558-4086.

Sincerely,

William Timmermeyer
Environmental Inspector
Environmental Enforcement

Cc: Andy Weaks, DWWM
